**For brands you can trust**

# Welcome

At Centurion we pride ourselves on offering a quality range of products and providing exceptional service.

Starting out in 1984 as a sole trading business, we have grown to become one of the UK's largest distributors of products for the DIY enthusiast and building professional trades. Today we stock around 27,000 products at our 80,000sqft distribution centre in Doncaster, enabling us to provide a quick turnaround in getting product to your door.

With over 35 years experience of distributing thousands of products into independent retailers, builders merchants and mass retailers, we have a wealth of knowledge and have always been proud in ensuring the products we source, whether our own house brands or other well-known brands, are of the highest quality whilst affordably priced.

Centurion work hard to maintain a consistently high standard of quality throughout their brands. To achieve this we ensure ongoing development of a quality management system that meets the requirements of BS EN ISO 9001:1401 accreditations, as well as the development of personnel to match the needs and expectation of the business, whilst also ensuring that the full potential of each employee is fulfilled.

# Service

---

Excellent customer service involves not only meeting customer expectations but also surpassing it. Here at Centurion, our established team pride themselves on developing effective working partnerships with our customers, recognising individual needs and tailoring our service accordingly.

With a 99.9% order processing accuracy rate, we endeavour to get it right first time. We genuinely care about our customers experience and continually analyse and improve our service so that we may deliver exactly what is needed.

## Core Values

- Dependability • Reliability • Loyalty • Commitment • Honesty • Efficiency

## What our customers say...

“Centurion has been a great supplier to work with, always going the extra mile providing us with all the support we require. We stock a vast range of their products and because of their excellent delivery times and cohesive ranges, we have benefited from a great upturn in sales”

### **WM Waites**

---

“We have worked with Centurion for many years and they have constantly helped drive sales in our business; providing great merchandising expertise, reliable and trustworthy representatives and brilliant customer care”

### **TI Trading**

---

“Centurion have been a big part in the start-up of my business, having gone above and beyond the call of duty with merchandising, product selection and giving their knowledge of the industry”

### **Abercynon Hardware & Pets**

---

“We’ve been with Centurion for over thirty years and they have become a mainstay of our business. This because, at least for a business like ours, the service they provide is invaluable. They seem to have a knack of providing just what we need and have carved a niche with some very popular products that no other supplier has spotted a market for. We are confident in saying that our very busy independent store would not be where it is today without Centurion”

### **Bishopston Hardware**

# Merchandising Made Easy

Let us help maximise your sales with our effective and well respected point-of-sale and merchandising support.

Designed with retailer and customer in mind, our point-of-sale display maximises use of floor, wall or countertop retail space, whilst making sure products are seen clearly and effectively.

We have in-house facilities to design and manufacture bespoke point-of-sale units tailored to your needs.

For more details  
Call 01302 788700 or visit: [www.centurioneurope.co.uk/merchandising](http://www.centurioneurope.co.uk/merchandising)

## Effective elements of Visual Merchandising

### COLOUR IS KING

Use colour to catch the eyes of your customers and draw them to your displays

### CREATE A FOCAL POINT

Always check your displays to ensure customers can easily view the hotspots and merchandise

### TELL A STORY

Use powerful, sales-enabling signage to display the advantages of buying the product

### EMPTY SPACE

Use empty space for signage providing customer testimonials with the customers details

### EXPOSE CUSTOMERS

A well-designed, impactful display exposes the customer to as much merchandise as possible while avoiding a sloppy mess!

# Hardware

Centurion are recognised for supplying the DIY & professional trade with quality hardware. With thousands of products in stock our extensive range includes; fixings & fastenings, screws & nails, hooks, brackets & ties plus much much more. Quality fixings can make or break a project and at Centurion you will find our hardware and fittings perfect for any home or building.

# Screws

We offer an extensive range of screws to suit many tasks, ranging from multi-purpose countersunk screws to timber decking screws, wood screws to drywall screws and many more.

## Thread Types

### Machine Screw Threads

Standard thread type, designed to fit with pre-drilled interior thread of a nut or tapped hole.

### Wood Screw Threads

Designed specifically for use with wood. Feature sharp tapered points to be drilled into the wood. Ideal for use with wood and decking.

### Sheet Metal Threads

Feature sharp threads with tapered point allowing them to be drilled into the surface directly. Ideal for use with sheet metal.

### Self-Tapping Threads

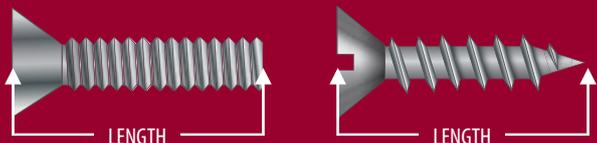

Machine threaded screws which feature sharp tapered points allowing them to be drilled into the surface directly.

DRIVE TYPES	DRIVER TYPES	Slotted	Pozi	Phillips	Hexagon	Square	Torx	Pin Torx	External Hexagon
	SCREW HEAD TYPES								

		Metric Length (mm)																			
Imperial size		12	16	20	25	30	35	40	45	50	60	70	75	80	90	100	110	130	150		
Metric Dia (mm)	3	4x½	4x⅝	4x¾	4x1	4x1¼		4x1½													
	3.5	6x½	6x⅝	6x¾	6x1	6x1¼		6x1½													
	4	8x½	8x⅝	8x¾	8x1	8x1¼	8x1½	8x1¾	8x1½	8x2	8x2½	8x2¾									
	4.5				9x1	9x1¼	9x1½	9x1¾	9x1½	9x2	9x2½	9x3	9x3½	9x3							
	5				10x1	10x1¼	10x1½	10x1¾	10x1½	10x2	10x2½	10x2¾	10x3	10x3½	10x3¾	10x4					
	6					12x1¼		12x1½		12x2	12x2½	12x2¾	12x3	12x3½	12x3¾	12x4	12x4¾	12x4¾	12x6		

## THREAD LENGTH

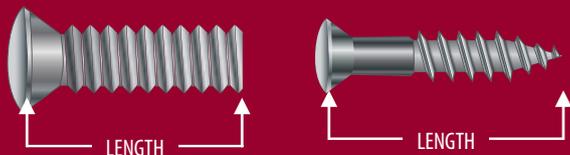

Length is the distance from the flat part of the head, to the tip or blunt end of the screw or bolt.

Flat head, countersunk screws are measured from the top of the head to the tip of the screw.

Pan head, round head, truss head, hex screws and bolts are measured from the bottom of the head to the tip of screw or bolt.

Oval head screws are an exception to the rule. The starting point is from the widest point of the head to the tip of the screw.

## GAUGE / DIAMETER

GAUGE	METRIC	GAUGE	METRIC
0g	1.5mm	10g	1.5mm
1g	1.9mm	12g	1.9mm
2g	2.25mm	13g	2.25mm
3g	2.5mm	14g	2.5mm
4g	3.0mm	15g	3.0mm
5g	3.3mm	16g	3.3mm
6g	3.5mm	18g	3.5mm
7g	3.9mm	20g	3.9mm
8g	4.2mm	24g	4.2mm
9g	4.5mm		

The gauge of the screw is determined by the size of the outside thread diameter.

## Finishes

### ZINC PLATED

The most economic finish comprising a thin coating of zinc, enhanced by a chemical chromate passivation applying a harder surface film. This is either clear or iridescent yellow. Zinc plated is a corrosion protective finish giving a shiny grey appearance.

### ZINC YELLOW PASSIVATED

The most economic finish comprising a thin coating of zinc, enhanced by a chemical chromate passivation applying a harder surface film. This is either clear or iridescent yellow which is thicker and gives better protection.

### STAINLESS STEEL

Stainless steel is self protecting and does not corrode or rust easily.

### BLACK JAPPANED

A black enamel dipped finish.

### SELF COLOUR

Made from steel, supplied in a natural self colour and lacquered for protection.

### CHROME PLATED

Electroplated over nickel, very hard, bright, reflective finish easy to clean or polish.

### SOLID BRASS

Comprises of pure brass through and through, which means it is dense and highly durable.

### GALVANISED

A heavy coating of zinc applied by hot dipping in molten zinc. This hot dip finish is rougher and duller but due to the thickness gives considerably enhanced protection.

# NEW FROM CENTURION!

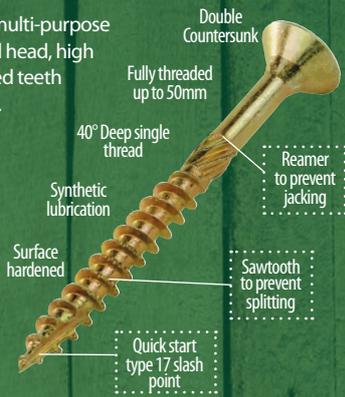

## Multi-Purpose Woodscrew

This all new high performance, multi-purpose woodscrew features a reinforced head, high quality wax lubricant and serrated teeth along with a sharpe fluted point.

The result is a screw that drives faster with less torque and gives even amateur DIYers less chance of splitting the wood.

ZINC YELLOW PASSIVATED

## Torx Woodscrews

- Salt spray tested to 400 hours.
- Anti corrosion coating.
- Unique self-drilling shank.
- Impressive pull out value.
- Hardened case and core give exceptional strength.
- Flexes to 35° reducing likelihood of screw shearing when used in substrates that flex in use.

## Pozi Countersunk Head Self Tapping Screws

- Self-Tapping Screw Pozi Compatible Pan Head.
- Self-Tapping Screw Thread.
- Pozi compatible drive head.
- Predominately used in engineering trades on sheet material.
- Designed to self-thread in to thin sheet material of all types (pilot drill required using high speed twist drills).
- Pan Head has a flat under head surface which allows the screw to lay flat on sheet material, reducing deformation.

### Shakeproof Washers

- Work by way of teeth or a deeply serrated edge.
- The teeth of the washer cut into either the material the screw is entering, the screw itself or both.
- Can be used in items such as washing machines and lawn mowers.
- Zinc plated for increased corrosion resistance.

# Screws

We have a vast range of screws in our TRADE PACKS range, from multi-purpose countersunk screws, timber decking screws, wood screws to drywall screws and many more.

Our screws come pre-packed in handy resealable bags

## Thread Types

### Machine Screw Threads

Standard thread type, designed to fit with pre-drilled interior thread of a nut or tapped hole.

### Wood Screw Threads

Designed specifically for use with wood. Feature sharp tapered points to be drilled into the wood. Ideal for use with wood and decking.

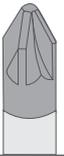

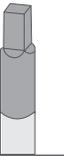

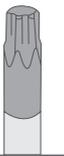

### Sheet Metal Threads

Feature sharp threads with tapered point allowing them to be drilled into the surface directly. Ideal for use with sheet metal

### Self-Tapping Threads

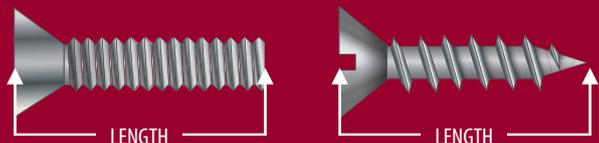

Machine threaded screws which feature sharp tapered points allowing them to be drilled into the surface directly.

DRIVE TYPES	DRIVER TYPES	Slotted	Pozi	Phillips	Hexagon	Square	Torx	Pin Torx	External Hexagon
	SCREW HEAD TYPES								

		Metric Length (mm)

	3.5	6x½	6x⅝	6x¾	6x1	6x1¼		6x1½											
	4	8x½	8x⅝	8x¾	8x1	8x1¼	8x1½	8x1¾	8x1¾	8x2	8x2½	8x2¾							
	4.5				9x1	9x1¼	9x1½	9x1¾	9x1¾	9x2	9x2½	9x3							
	5				10x1	10x1¼	10x1½	10x1¾	10x1¾	10x2	10x2½	10x2¾	10x3	10x3¼	10x3¾	10x4			
	6					12x1¼		12x1½		12x2	12x2½	12x2¾	12x3	12x3¼	12x3¾	12x4	12x4¼	12x4¾	12x6

## THREAD LENGTH

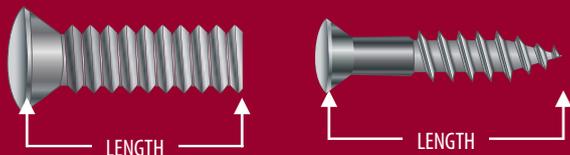

Length is the distance from the flat part of the head, to the tip or blunt end of the screw or bolt.

Flat head, countersunk screws are measured from the top of the head to the tip of the screw.

Pan head, round head, truss head, hex screws and bolts are measured from the bottom of the head to the tip of screw or bolt.

Oval head screws are an exception to the rule. The starting point is from the widest point of the head to the tip of the screw.

## GAUGE / DIAMETER

GAUGE	METRIC	GAUGE	METRIC
0g	1.5mm	10g	1.5mm
1g	1.9mm	12g	1.9mm
2g	2.25mm	13g	2.25mm
3g	2.5mm	14g	2.5mm
4g	3.0mm	15g	3.0mm
5g	3.3mm	16g	3.3mm
6g	3.5mm	18g	3.5mm
7g	3.9mm	20g	3.9mm
8g	4.2mm	24g	4.2mm
9g	4.5mm		

The gauge of the screw is determined by the size of the outside thread diameter.

## Finishes

### ZINC PLATED

The most economic finish comprising a thin coating of zinc, enhanced by a chemical chromate passivation applying a harder surface film. This is either clear or iridescent yellow. Zinc plated is a corrosion protective finish giving a shiny grey appearance.

### ZINC YELLOW PASSIVATED

The most economic finish comprising a thin coating of zinc, enhanced by a chemical chromate passivation applying a harder surface film. This is either clear or iridescent yellow which is thicker and gives better protection.

### STAINLESS STEEL

Stainless steel is self protecting and does not corrode or rust easily.

### BLACK JAPPANED

A black enamel dipped finish.

### SELF COLOUR

Made from steel, supplied in a natural self colour and lacquered for protection.

### CHROME PLATED

Electroplated over nickel, very hard, bright, reflective finish easy to clean or polish.

### SOLID BRASS

Comprises of pure brass through and through, which means it is dense and highly durable.

### GALVANISED

A heavy coating of zinc applied by hot dipping in molten zinc. This hot dip finish is rougher and duller but due to the thickness gives considerably enhanced protection.

## General Purpose Pozi Twin Thread Countersunk Screws

- Suitable for use with many materials.
- Countersunk heads are designed to sink flush with substrates to leave a smooth surface finish.
- Twin threads enable an easy start when driving.
- Zinc plated for increased corrosion resistance.

## Nuts and Washers

Our nuts and washers are available in different finishes, sizes, head and thread types. Some of the most popular types include:

**Hex Nut:** The most commonly used nut that has a hexagon shaped head with an internal thread.

**Wing Nuts:** Threaded nuts with wings protruding up on each side of the body that allows for manual turning and installation. Ideal for areas where the nut needs to be removed often.

**Flat Washers:** Smooth and flat in design, used to distribute weight loads.

**Lock Nuts:** Have cross threads to stop the nut from loosening and coming off of the fastener.

### Steel Hex Nuts

# MEASURING CHAINS

**Wire Diameter:**

The diameter or thickness of the wire or material used to make the link.

**Inside Link Width:**

The distance between the sides of the inside of the link. Also called Eye.

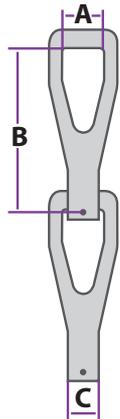

When measuring a length of chain to be cut, be sure to use the link past the last measurement for the cut as that link will no longer be useable.

**Welded and Decorative**

**Inside Link Length:**

The distance between the top and bottom of the inside of the link. Also called Pitch.

**SASH CHAIN MEASUREMENTS**

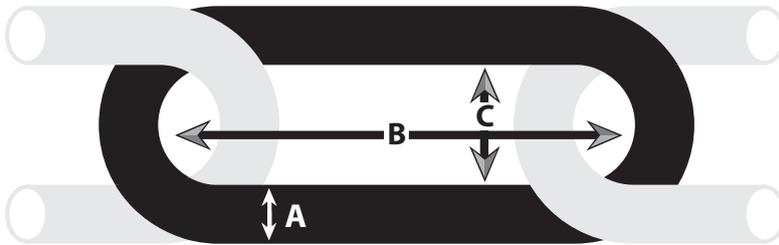

A: Inside Width (eye)  
B: Internal Length (pitch)  
C: Wire Diameter

**SINGLE JACK CHAIN MEASUREMENTS**

A: Inside Width (eye)  
B: Internal Length (pitch)  
C: Wire Diameter

**WELDED CHAIN MEASUREMENTS**

A: Link / Material Diameter B: Internal Length of Link C: Internal Width of Link

## TYPES OF CHAIN

**SOLID BALL AND CHAINS**

Ideal for keychains, plug chains, dogtags as well as pull cords for light fittings and fans.

**OVAL LINK CHAIN**

Lightweight chain suitable for decorative purposes ideal for suspending light fixtures.

**CHANDELIER CHAIN**

Decorative chain often used for suspending chandeliers and other hanging fixtures.

**LINK JACK CHAIN**

Ideal for suspending fixtures such as lights or signs and used in door chain assemblies.

**KNOTTED CHAIN**

Decorative chain, a strong alternative to a welded chain.

**ELECTRO CHAIN**

A standard decorative chain ideal for suspending fixtures such as lights or signs.

**STRAIGHT LINK CHAIN**

Suitable for general purpose, engineering, industrial, agricultural & marine applications

**SPIKED LINK CHAIN**

Ideal for decorative barriers in gardens, driveways, parks, public areas and car parks.

**PLASTIC CHAIN**

Heavy duty plastic chain ideal for barrier systems, car parks, garage forecourts and hanging signs.

**CHAIN OPTIONS**

Our range of chains are available on a reel, pre-cut or supplied loose.

## TYPES OF HINGES

### Butt Hinge

Is the most common type of hinge used in home improvement and is made up of two leaves, joined in the middle and used to hold together two "abutting" objects.

### Rising Butt Hinge

Has two leaves which are joined by sliding one half onto the other via a pin which is part of one of the halves. The barrel of the hinge is tapered so when the door is opened, the door half of the hinge rises up on the tapered section of the frame half, lifting the door as it opens.

### Fire Butt Hinges

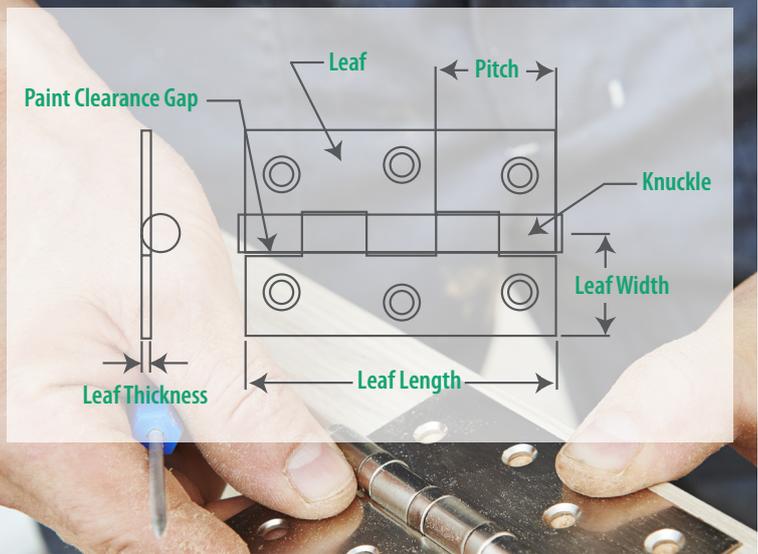

A special type of Butt hinge must be used on fire doors and the main stipulation is that they Comply with BS EN 16341 and have the Certifire label.

### Butterfly Hinge

Are designed to look like a butterfly, and are lightweight, decorative hinges, usually used for jewellery boxes, display cupboards, cabinets and other decorative containers.

### Flush Hinge

This type of hinge does not require a recess to be cut. They are not as strong as butt hinges but can be used for lightweight doors and small box construction. The main advantage of these hinges is that they do not need to be sunk into the door or door frame unlike a butt hinge. They are screwed to the surfaces of the connected parts and when closed the inner leaf fits snugly into the outer leaf.

## FINISHES

Our hinges are available in the below finishes.

## Stainless Steel Hinges

### Stainless Steel Ball Bearing Butt Hinges

- CE13 BS EN 1935.
- High corrosion resistant and fire tested.
- 2BB - Class 13.

### FIRE RATED:

It is essential that the locks are fire rated to the same level as the door. If your door is FD30 rated, a fire door lock must be FD30 or higher, an FD60 door cannot be paired with a FD30 lock.

We supply a range of fire rated locks to suit your needs. From locks, latches and hinges, and all supplied in a range of sizes and finishes.

DID YOU KNOW!

When installing fire doors, it's essential that the locks are also fire rated to the same level as the door.

If your door is FD30 rated, a fire door lock must be FD30 or higher, and likewise an FD60 door cannot be paired with a FD30 lock.

### Concealed or Kitchen Cupboard Door Hinges

A concealed hinge is one that is completely concealed when the door or lid of a box is closed. The most popular sizes are normally 26mm and 35mm. The hinge is adjustable once fitted and is designed with chipboard and MDF in mind. Most commonly used for kitchen wall units and cupboards, base units and various flat pack furniture. Concealed hinges are very easy to install.

### Slide On Sprung Concealed Hinges 95°

## Security Cables And Chains

### Extra Long Steel Security Cables

- Heavy duty cables.
- 2.1 metre lengths with double loops.
- Made from 12mm braided steel for greater flexibility and strength.
- Combine with padlock for a good multi-purpose security system.

Description	Code	Boxed Qty
12mm x 210cm	S0255	1

### Standard Security Chain

- Good basic security chain.
- Case hardened, 8mm thick welded steel chain.
- Zinc plated for corrosion resistance with plastic sleeve.

Description	Code	Boxed Qty
8mm x 90cm	S0268	1

### Square Section Chain

- High grade, square section chain.
- Made from special alloy steels for maximum strength.
- Case hardened for high resistance to hacksaws and bolt cutters.
- Bright Zinc plated with blue thermoshrunken sleeve.

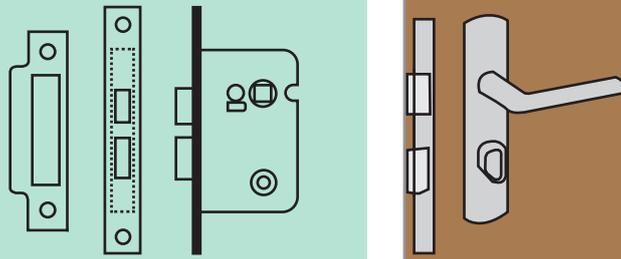

Description	Code	Boxed Qty
8mm x 90cm	S0256	1
10mm x 150cm	S0264	1

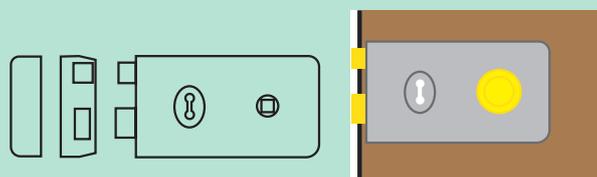

## BATHROOM LOCKS

Bathroom locks have a lock case which combines the latch function with a lock (deadbolt) function. The locking function is performed by turning an oval knob or similar turn, which in turn throws the deadbolt and locks the door. The UK standard for the square spindle which operates the locking function is 5mm. The depth of the bathroom lock case usually matches any latches used in the same area. This is 63mm or 76mm for levers on backplates or levers on roses, and 100mm, 125 or 150mm for knob sets.

## RIM LOCKS

Are found on the outside of the door and are generally operated by knobs, commonly known as a rim knob set. Rim locks are extremely low security, mainly because they can be quickly removed from the door with a simple screwdriver and secondly, because the average rim lock has as little as 12 different key options.

## DOOR LOCKS AND SECURITY

With such a vast range of door locks available it can be difficult to know which one is required for doors.

The most common ones are;

- Bathroom locks
- Mortice locks
- Rim locks
- Night latches

## MORTICE LOCKS

There are different variations of mortice lock available.

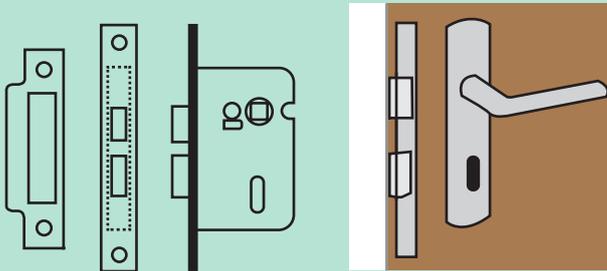

### 3 LEVER LOCKS

- Typically have 200 different key options.
- Used on internal doors for a low level of security.

### 5 LEVER LOCKS

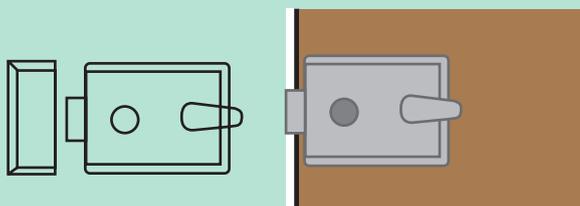

- Typically have around 15,000 key options.
- Used for external doors.

The specific British Standard to which the locks are Kite marked is BS3621.

## NIGHT LATCH

Also known as Yale locks, night latches are fitted to household front doors in conjunction with a deadlock. Their main purpose is to operate as a slam lock and provide instant security to anyone using the door.

## Locks And Latches

### Tubular Mortice Latches Bolt Through

- Suitable for all sprung lever handles.

## DOOR FURNITURE

We supply a wide variety of interior and exterior door handles available in an array of styles and finishes. Accessories such as escutcheons and turn release sets are also available allowing you to put handles on internal locking doors.

### TYPES OF DOOR HANDLES

#### LEVER HANDLES

Are the most common type of door handle used in residential houses and commercial and public buildings. Lever handles can be split into two groups: lever handles on backplate and lever handles on rose.

#### LEVER LOCK

This mechanism features a keyhole to operate the door handle, providing security and privacy and is often combined with a mortice lock.

#### LEVER LATCH

This type of mechanism is used for interior doors that don't require to be locked.

#### LEVER BATHROOM

Often used on bathroom and bedroom doors, where some privacy is needed. This mechanism features a thumb turn lock, which can be locked and unlocked from the inside.

**3 Door Knockers**  
 Available in 3 finishes.  
 Brass **Page 121** Chrome **Page 123** Black **Page 133**

**5 Window Security**  
**Page 114- 115**

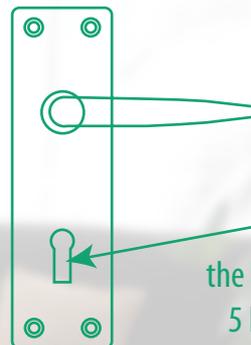

**4 Window Casement Stays**  
**Page 126-127**

**6 House Numbers**  
 Available in 3 finishes.  
 Brass **Page 121** Chrome **Page 123** Black **Page 133**

**LEVER ON ROSE**

When door handles on rose are used on locking doors they will be paired up with escutcheons or bathroom turn & releases.

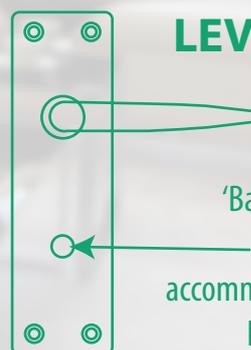

**LEVER LOCK**

Commonly used on exterior doors, they have a 'normal' keyhole stamped out on the back plate and will require a 5 Lever Sash Lock mechanism.

**LEVER LATCH**

Commonly used on interior doors, where no key locking mechanism is needed. A Tubular Latch mechanism needs to be used with 'Latch' type Door Handles.

**LEVER BATHROOM**

'Bathroom' Lever Door Handles have a hole stamped out to accommodate a Bathroom Turn and Release Knob to add privacy.

## DRAUGHT PROOFING

Draught proofing is one of the cheapest and most effective ways to save energy and money in the home.

Reducing draughts by blocking unwanted gaps that let in cold air means you will use less energy to heat the home.

According to Which? - turning down a thermostat by just one degree in a typical home could save up to £90 a year.

Draught free homes are more comfortable at lower temperatures which means thermostats can be set lower, saving even more on energy bills.

Draughts happen where there are unwanted gaps in the home, particularly around doors and windows.

**REDUCE HEAT LOSS BY UP TO 35%**

**SAVE MONEY ON HEATING BILLS**

# TOP TIPS TO PREVENT DRAUGHTS!

### Draught-Proofing Windows

We have a range of draught-proofing strips to stick around window frames, as well as covering films that mimic the effect of double glazing.

### Draught-Proofing Doors

Draught-proofing doors helps reduce heat loss and draughts and only costs a few pounds.

The main things to consider are:

**Keyholes** - Purpose made key covers stop draughts.

**Letterbox** - Use a letterbox flap to reduce draughts.

**Gaps** - Both at the bottom of the door and around the edges.

It's also worth using draught-proofing on doors that lead to a room that's not normally heated to help reduce heat loss.

We have a range of bestselling draught-proofing products, all carefully selected, retail packed and ready to ship.

## Door Bottom Threshold Draught Excluders

<b>Short Set 5 x 1050mm</b>			
White	G44201	5	5
Brown	G44301	5	5
<b>Long set 2 x 2.057m &amp; 1 x 1050mm</b>			
White	G34201	5	5
Brown	G34301	5	5

### Superseal Sets

- Long set 2 x 2.057m and 1 x 914mm.
- Large flap ensures long efficient life.
- Ready mitred corners.
- For gap size 1-5mm.

Description	Code	Pack Qty	Outer Qty
Aluminium	G35101	5	5
Gold Effect	G35201	5	5

## Weatherproof Sills

### Weathersill

- Prevents wind and rain coming under doors.

Description	Code	Pack Qty	Outer Qty
<b>For standard 25mm gap +/- 5mm. Fits to the door sill.</b>			
914mm Aluminium	G15101	1	5
914mm Gold Effect	G15201	1	5
<b>For larger 38mm gap +/- 5mm. Fits to the door sill.</b>			
914mm Aluminium	G15301	1	5
914mm Gold Effect	G15401	1	5

### Weatherbar Plus

- For flat thresholds.
- Fits outside of door.
- For gap size 2-13mm.

Description	Code	Pack Qty	Outer Qty
914mm Aluminium	G17101	1	5
914mm Gold Effect	G17201	1	5

### Threshold Weather Seal

- Stops both wind and rain coming under door.

Description	Code	Pack Qty	Outer Qty
914mm Aluminium	G18101	1	5
914mm Gold Effect	G18201	1	5

### Rain Deflector

- For door base, suitable for inward and outward opening doors.
- Can solve the problems of leaking weatherbars and thresholds.

Description	Code	Pack Qty	Outer Qty
914mm Aluminium	G19101	1	5
914mm Gold Effect	G19201	1	5

### Threshold Mobility Seal

- Stops both wind and rain coming under door.

Description	Code	Pack Qty	Outer Qty
914mm Aluminium	G20101	1	5
914mm Gold Effect	G20201	1	5

### Outdoor Tap Cover

- Made from polystyrene.
- Helps prevent taps from freezing up.

Description	Code	Pack Qty	Outer Qty
H:154 x W:165mm	20710	1	5

# Terms & Conditions of Trading

## 1. Definitions

"Business Day" means any day other than a Saturday, Sunday or public holiday in England, when banks are open for business;

"Contract" means the agreement between the Customer and Centurion Europe Ltd for the sale and delivery of Goods in accordance with these Terms and Conditions;

"Customer" means any individual, firm or company to whom the Goods are supplied under the Contract;

"Delivery Location" means the address specified in the Order or to any other such address as shall be agreed between the parties in this contract;

"Centurion" means Centurion Europe Ltd or any other company within the same group of companies such as Spectrum Industrial Limited;

"Goods" means the goods supplied by Centurion to the Customer pursuant to the Contract;

"Insolvency Event" means:

(i) the passing by the Customer of a resolution for its winding up or the making by a court of competent jurisdiction of an order for the winding up or the dissolution of the Customer;

(ii) the making of an administration order in relation to the Customer or the appointment of a receiver or administrative receiver over, or the taking of possession or sale by an encumbrance of a material part of the Customer assets;

(iii) the Customer making an arrangement or composition with its creditors generally or making an application to a court of competent jurisdiction for protection from its creditors generally; or

(iv) any event or act or proceedings analogous to the above in any jurisdiction; or

"Order" means the Customer's expressed desire, whether oral or written, to procure Goods from Centurion Europe Ltd;

"Returns Policy" means the policy specified in condition 14;

"Terms and Conditions" means these terms and conditions;

## 2. Acceptance

2.1 All Orders are subject to the acceptance by Centurion with such acceptance being subject to the Customer's agreement to be bound by the Terms and Conditions. Centurion reserves the right to decline any order; any Order confirmed by Centurion cannot be cancelled except with the consent of Centurion.

2.2 Acceptance by the Customer of delivery of Goods constitutes acceptance by the Customer of these Terms and Conditions. These Terms and Conditions shall apply to the exclusion of any additional or different terms proposed by the Customer or which the Customer may purport to apply, impose or incorporate into the Contract and such different terms shall not be binding upon or enforceable against Centurion.

## 3. Prices

3.1 Prices quoted by Centurion are subject to change without notice, unless otherwise agreed.

3.2 A quotation does not constitute an offer and can be withdrawn at any time prior to acceptance of an Order by Centurion.

3.3 Prices and charges published or specified by Centurion at the time of acceptance of the Order shall apply. Should any modification or extra work be required by the Customer and is carried out by Centurion, a variation in price will be notified to the customer prior to fulfilment of order.

3.4 Unless otherwise stated, all prices are quoted in British Pounds Sterling.

3.5 Where invoices are charged in Euros we reserve the rights to adjust our prices based on the current exchange rate.

3.6 The prices shown are exclusive of VAT which will be charged to and paid by the customer at the rate ruling at the tax point.

## 4. Credit

4.1 Centurion may, at its sole discretion, extend credit to the Customer.

4.2 Centurion may perform periodic credit reviews using credit reporting agencies, trade references, trade groups and banks.

4.3 The Customer shall promptly notify Centurion in the event of an adverse change in Customer's credit standing and in the event of any such adverse change or where the Customer does not comply with these Terms and Conditions,

4.4 Centurion shall have the unilateral right to change or remove the credit terms extended to the customer.

4.5 In the event that suitable credit references are not received, Initial transactions may be on a Proforma basis for a period not exceeding 6 months or 6 transactions (whichever occurs first) at which point an account performance review will take place. At this stage and at the sole discretion of Centurion, the Customer may be extended credit terms.

## 5. Payment

5.1 All payments are to be made in full before the end of the month following the month of despatch, unless the Customer is paying on a proforma basis, at which point, the goods must be paid for prior to despatch. Any alternative terms of payment must be agreed in writing by a Centurion Director prior to despatch of the goods.

5.2 Centurion will not accept any fee, marketing support, advertising, expense reimbursement, rebate, settlement or any other financial support not explicitly authorised in writing by an authorised Manager or Director of Centurion.

5.3 Centurion reserves all its rights and remedies at law to collect any amounts not paid in full by the Payment Date. Centurion reserves the right to charge interest on any amounts not paid by the Payment Date at a rate of 4% per annum above the prevailing base rate of the Bank of England (accruing daily and compounded monthly) from the Payment Date until paid in full in cleared funds whether before or after judgment. The Customer agrees to reimburse Centurion for all costs associated with such collection activities, including all legal and professional fees.

5.4 Delayed billing of interest due or a failure to bill for interest due shall not constitute a waiver of Centurion right to charge interest on all amounts over due to the date payment is received.

5.5 Centurion's obligation to provide Goods is subject to receipt of prompt payment of all invoices pursuant to the Contract including the Terms and Conditions and other agreements Centurion may have with the Customer.

5.6 The Customer shall promptly notify Centurion in the event any portion of an invoice be disputed, and the Customer shall pay any undisputed portion according to these Terms and Conditions. Both parties agree to use their reasonable efforts to resolve the disputed portion of such invoice within 30 days of notification by the Customer to Centurion.

## 6. Delivery

**6.1 Centurion Products – Mainland UK Only** - No delivery charge will be applied for Centurion hardware orders fulfilled over the value of £100 nett. For orders under these values, carriage will automatically be charged in addition at £7.50.

**6.2 Spectrum Only Product Orders – Mainland UK Only** - No delivery charge will be made for Spectrum Industrial sign orders fulfilled over the value of £75 nett. For orders under these values, carriage will be automatically charged at £6.50.

**6.3 Northern Ireland & UK Islands** - No delivery charge will be applied for orders fulfilled over the value of £250 nett. For orders under these values, carriage will automatically be charged in addition at £15.00

**6.4 Southern Ireland & Rest of Europe** - Orders delivered to customers premises (DAP) - Customers will be responsible for any duty and VAT that becomes due on import. No delivery charge will be applied for orders fulfilled over the value of £500. For orders under these values, carriage will automatically be charged in addition at £50.00. Important Note: Any order which is despatched to Southern Ireland or Europe will be delivered DAP - This will mean that the customer receiving the order will be responsible for any duty and VAT that becomes due on import.

6.5 24 hour deliveries are available for stock items delivered to the UK mainland only at an additional charge of £15.00.

6.6 In the event that both Centurion and Spectrum products are ordered together, the Centurion delivery terms and carriage charges will apply.

6.7 The point of delivery shall be when the Goods are removed from the transporting vehicle at the delivery location. Where the Goods are collected by the Customer from Centurion the point of delivery shall be when the Goods are loaded onto the Customer's vehicle and signed for by the Customer.

6.8 Unless otherwise directed, all orders are accepted on a supply or cancel basis. Out of stock items will be cancelled without notice to the customer unless specifically requested to be kept on back order. In the event of the Customer requesting back orders, Centurion may deliver the Goods in instalments, which shall be invoiced and paid for separately.

Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

6.9 Centurion will use commercially reasonable efforts to fulfil the Contract in accordance with the estimated delivery or shipping date. Centurion will not be responsible for any delays in fulfilling the Contract nor be liable for any losses or damages resulting from such delays, and the Contract will not be subject to cancellation for any such delays.

## 7. Title and Risk

7.1 Title in the Goods shall not pass to the Customer until Centurion receives payment for the Goods in full in cleared funds or in cash for those Goods. Until such time as title has passed to the Customer, the Customer shall:

- (i) have a right to possession (but not ownership) of such Goods and shall ensure that the Goods shall be clearly marked and identifiable as being Centurion's property;
- (ii) maintain the Goods in satisfactory condition and do not mark or deface packaging;
- (iii) notify Centurion immediately if it becomes subject to an Insolvency Event;
- (iv) permit Centurion to recover all or any part of such Goods at any time from the Customer if they are in the Customer's possession and the Customer becomes subject to an Insolvency Event and for that purpose Centurion, its agents and representatives may enter upon any land or building upon or in which such Goods are situated.

7.2 Dependant on order criteria, all merchandisers provided by Centurion are supplied either free on loan, on a deposit scheme or charged for in full. Merchandisers supplied either free on loan or on a deposit scheme are provided for the duration of displaying Centurion only products and remain the property of Centurion Europe Ltd. In the event of Customer closure, transfer of Customer ownership, or no longer displaying Centurion products, the merchandiser must be returned to Centurion at your cost, at which point deposits will be refunded if applicable. At no time should these merchandisers be included in your Company asset register.

## 8. Force Majeure

Centurion shall have no responsibility for any failure of or delay in delivery or performance of the Contract caused by or attributable to war, sabotage, riot, civil disorder, fire, flood, earthquake, pandemic, explosion, accident, natural or manmade disaster, governmental action, shortage or interruption of supply of materials, supplies, equipment or energy, transportation problem, strike, labour stoppage or slowdown, or other cause beyond the reasonable control of Centurion.

## 9. Inspection of Goods at point of Delivery

9.1 Special care should be taken on receipt of deliveries, especially where the delivery comprises of more than one box. Damage in transit must preferably be advised within 24 hours but not exceeding three working days of receipt. Wherever possible, if the damage is visible, please sign for the order as 'received damaged'. The Customer's failure in this respect will constitute a waiver of any such non-conformity or claim.

9.2 The Customer shall notify Centurion in respect of any shortages or overages that occur within 5 working days and must detail the relevant shipment number, item number, quantity of goods ordered, and quantity of goods received. Upon receipt of such notice, a Centurion customer service representative will respond with the proposed resolution within 5 working days.

## 10. Returns Policy

10.1 Before the Customer is entitled to return any Goods to Centurion, the Customer must first obtain the authorisation to return from Centurion.

10.2 Return of Goods ordered in error: If products are ordered in error by the Customer, at the discretion of Centurion we can only accept return of goods which are returned in as 'new condition' and within 30 days from date of delivery. Credit for these goods may be subject to a 20% re-stocking fee. It will not be possible for the Centurion to restock branded or specially made to order products. If any items returned are not in new condition and cannot be restocked or need reworking, credit may be refused.

10.3 Cost of returning the goods: The cost of returning any incorrectly ordered or unwanted products will be at the customers own cost. If the return is due to faulty or incorrectly received products, Centurion will

arrange for the return of goods at our cost. Please contact our Sales Office to organise this return.

10.4 Shortages/Damages: Refer to clauses 9.1 and 9.2.

10.5 Faulty Products: All products carry a minimum of 1-year guarantee. Any fault should be reported to our customer services team with the original proof of receipt at which point we will substantiate the fault and either issue a refund or replace the faulty item. Also refer to clause 10 for full warranty terms.

10.6 Procedure to Return Goods to Centurion: In the event that you have products to send back which qualify for return, please contact our sales office to arrange. You will need to provide the following information:

- Products and quantities being returned;
- Original supply details (i.e. invoice number);
- Number of boxes and approximate weight to be returned.

Once we have the full information, we will make the necessary arrangements for our carrier company to collect the box(es) from you.

An email will be sent to you with the return labels which must be printed and fixed to the boxes. If you do not have the facility to print the return labels, please let our team know and we can arrange for them to be posted to you. Any box which does not have the return label attached to it cannot be collected by the carrier.

Once the boxes have been collected and returned to us, we will arrange the necessary credit back to your account.

10.7 Centurion customer service department contact details:

Address: Centurion Europe Ltd, Hunt Lane, Doncaster, DN5 9SH

Tel: 01302 788700 | Fax: 01302 390004

E-mail: sales@centurioneurope.co.uk

## 11. Warranty

11.1 Centurion warrants to the Customer that the Goods will, at the time of delivery, conform in all material respects to the written description agreed to by the parties and included in the Contract, and be free from defects in material and workmanship.

11.2 Centurion shall, at its option, repair or replace defective Goods, or refund the price paid by Centurion's customer in full if:

- (i) the Customer gives notice in writing during the Warranty Period and within a reasonable time of discovery that some or all of the Goods do not comply with the warranty set out above;
- (ii) Centurion is given a reasonable opportunity of examining such Goods; and
- (iii) the Customer (if asked to do so by Centurion) returns such Goods to Centurion's place of business at Centurion's cost.

11.3 Centurion shall not be liable for the failure of the Goods to comply with the warranty if:

- (i) the Customer makes any further use of such Goods after giving a notice in accordance with the foregoing;
- (ii) the defect arises because the Customer failed to follow instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice;
- (iii) the Customer alters or repairs such Goods;
- (iv) the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal working conditions.

11.4 Centurion's sole obligation and liability in the event of breach of warranty will be Centurion's refund against the original invoice for the amount paid by the Customer. Refunds are made in the form of a credit note back to the Customer's account.

11.5 Except to the extent such exclusion is prevented by law, Centurion makes no warranty whatsoever with respect to branded Goods manufactured by third party suppliers and warranties with respect to such Goods are limited to those which are offered by such suppliers and are transferable to the Customer.

## 12. Indemnity and Limitation of Liability

12.1 The Customer shall indemnify Centurion against all action, claims or demands by third parties, howsoever arising, directly or indirectly, (i) in connection with the use, functioning, performance or state of the Goods following delivery of the Goods to the extent the Goods are manufactured or packaged in accordance with the specification supplied by the Customer or use materials supplied by the Customer; and/or (ii) where any claim is made by a third party for actual or alleged infringement of a third party's intellectual property rights.

12.2 Under no circumstances shall Centurion be liable to the Customer in contract, tort (including negligence or breach of statutory duty) or otherwise for any of the following losses or damages, whether direct

or indirect, arising out of, or in connection with, the supply, non-supply or delay in supplying the Goods or otherwise in connection with the Contract or any other Contract between the parties:

- (i) loss or damage incurred by the Customer as a result of third party claims;
- (ii) loss of actual or anticipated profits;
- (iii) loss of actual or anticipated projects;
- (iv) loss of business opportunity;
- (v) loss of anticipated savings;
- (vi) loss of goodwill;
- (vii) injury to reputation; or
- (viii) any incidental, consequential or special loss or damages howsoever caused.

12.3 In any event, Centurion's liability to the Customer shall not exceed the purchase price of the Goods on which such liability is based. Except to the extent such exclusion is prevented by law, the Customer assumes all liability for any loss, damage or injury to persons or property arising out of, connected with, or resulting from the use of the Goods, either alone or in combination with other products.

12.4 Centurion shall not be responsible to the extent that the relevant loss is caused by an act or omission or the negligence of the Customer, its employees, agents or contractors or to the extent caused by the breach by the Customer of any of its obligations under any Contract.

12.5 Nothing in these Terms and Conditions shall exclude or limit Centurion's liability for (i) death or personal injury caused by Centurion's negligence, or the negligence of its employees, agents or subcontractors (ii) fraud or fraudulent misrepresentation or (iii) any other liability that cannot be lawfully excluded or limited.

### 13. Intellectual Property

Any Goods as sold by Centurion which are covered by a patent or intellectual property rights owned or controlled by Centurion, then no right, title or interest of authorship conceived or developed by Centurion during the course of performing the Contract or any other intellectual property right is transferred to the Customer. This foregoing shall not limit in any way the right of the Customer to use and sell such Goods. Unless otherwise stated, all images, artwork and graphics are the copyright of Centurion. All other images, icons and text are the copyright and/or trademark of the respective owners. Signs that are in the public domain because they have been created based on regulation, these icons, text and colour should be maintained and any copyright infringements are held by ISO and will result in signage not complying to ISO regulations. For signage/products outside of these regulations, we make every effort to produce original designs and on these occasions all artwork and designs are the sole property of Centurion. All original artwork and designs may not be copied, modified, altered, published, distributed, sold or transferred without prior written consent provided by a Centurion Director.

### 14. Termination

14.1 The Customer may not terminate the Contract without the prior consent of Centurion.

14.2 Without liability to the Customer, Centurion may terminate the Contract, or Order or related orders in the event that the Customer breaches the Contract (including, but not limited to, any failure to pay any debt due) and fails to remedy any such breach within ten (10) days of notification of any breach.

### 15. Data Protection

The information we collect and hold is strictly used by us and we will not share your personal data with third parties. We use your information to process your business requests and present you with the information you need to access our services. At times, with the intent of offering you the best possible service, we may use the data we store to send you information on Account status, Improvements or changes to our services, product discounts, promotional offers, general business news and updates. Should you not require us to email you with updates and promotional offers, please contact our Marketing department and we will remove your details from our system. At any time, you can request we give you access to the information we hold about you, you can also request we make any necessary modifications. A full copy of our Data Protection and Privacy Policy is available upon request.

### 16. Third Party Rights

A person who is not party to the Contract shall have no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of such contract, except that the Contract may be performed, and all rights thereunder may be enforced against the Customer, by Centurion or by any subsidiary, parent or affiliate of Centurion. This condition does not affect any right or remedy of any person which exists or is available otherwise than pursuant to that Act. The rights of the parties to terminate, rescind or agree any variation, waiver or settlement under the Contract are not subject to the consent of any other person.

### 17. Variation

The Contract may be modified only in writing and signed by an authorised representative of Centurion and the Customer.

### 18. Assignment

The Customer shall not assign, transfer, mortgage, charge, declare a trust over or deal in any way with all or part of the benefit, or its rights or benefits under, the Contract without the prior written consent of Centurion. A change in control, including without limitation by operation of law, merger, consolidation, or otherwise, shall be deemed an assignment under this condition. Any assignment in violation of this condition is null and void and we may terminate the Contract for an assignment without consent.

### 19. Entire Agreement

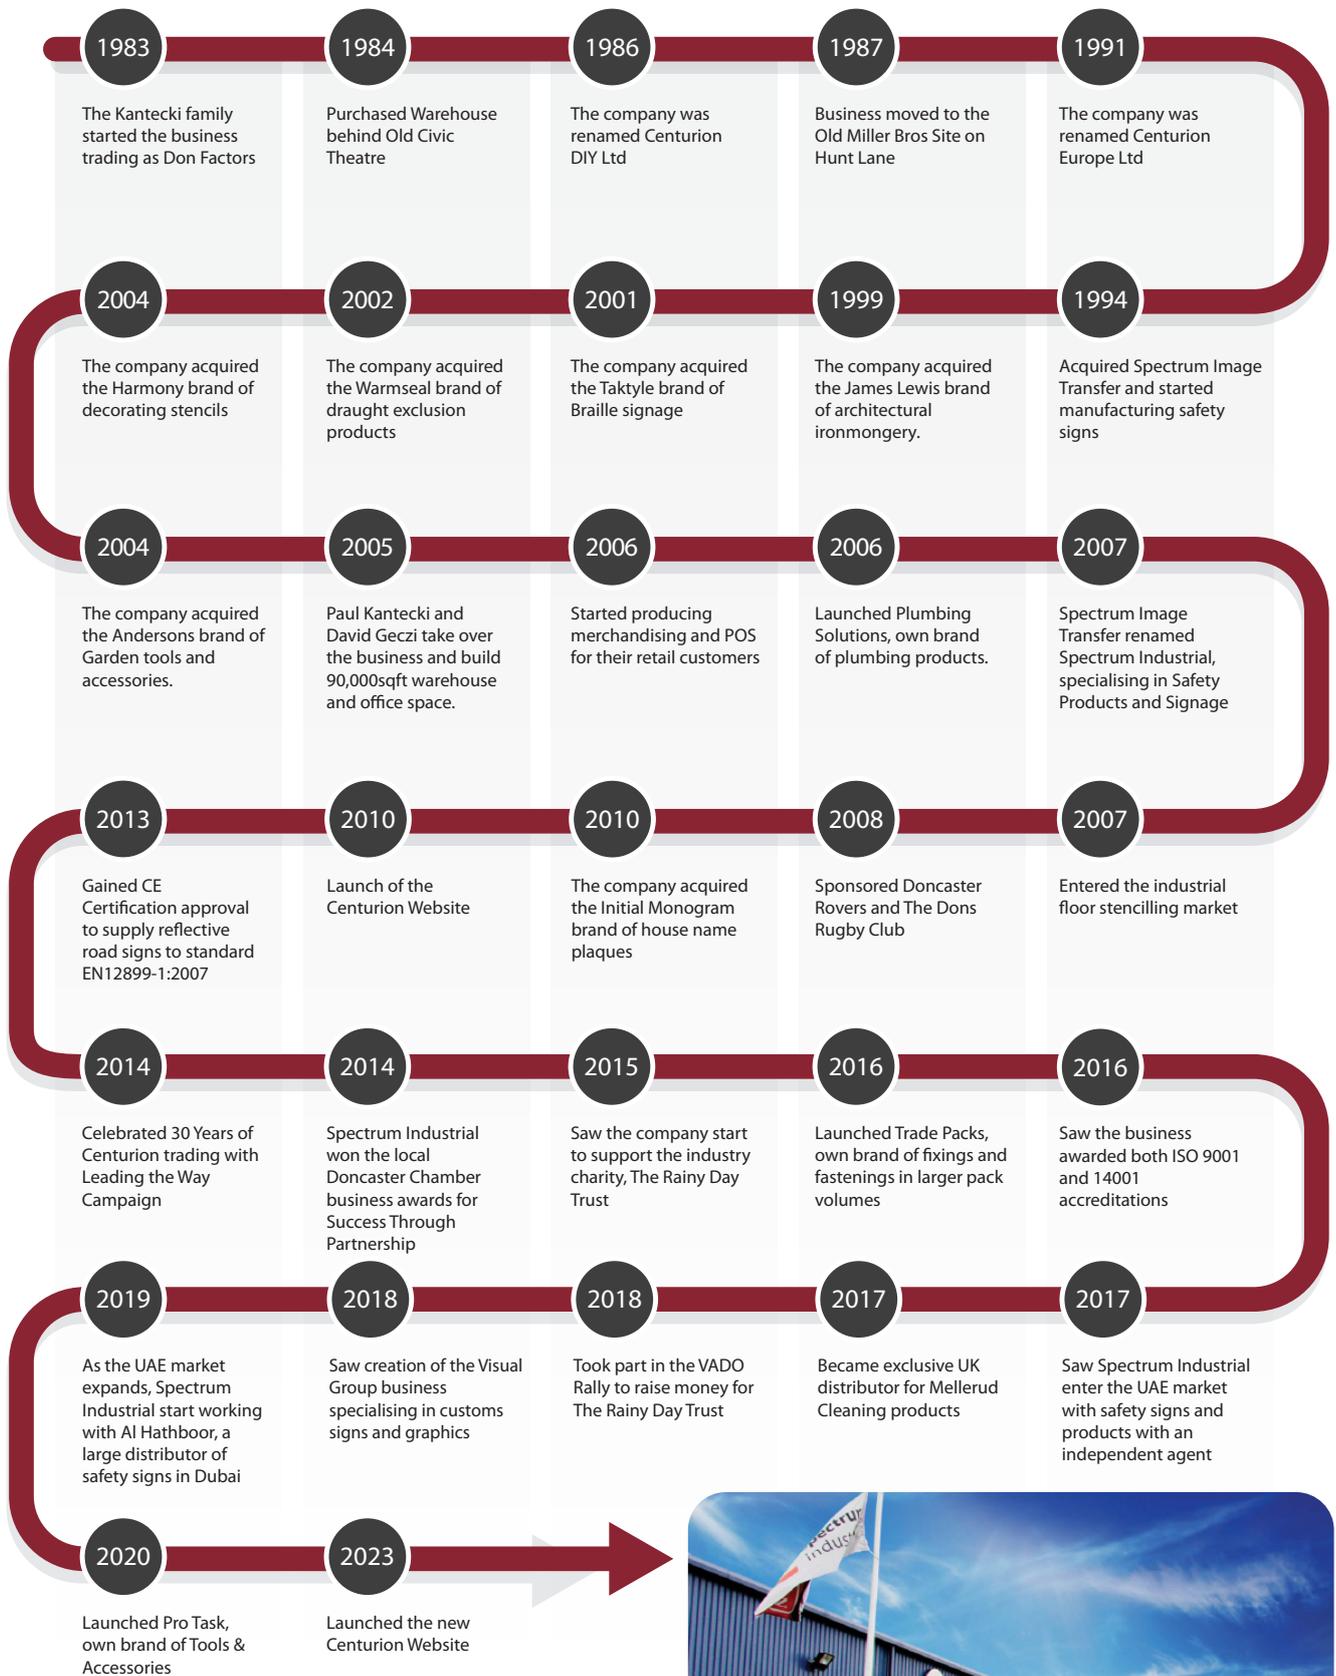

The Contract shall constitute the entire agreement between Centurion and the Customer with respect to its subject matter and shall supersede and extinguish all previous agreements, promises, assurances, warranties, representations and understandings between them, whether oral or written, with respect to its subject matter.

### 20. Governing Law and Jurisdiction

The performance of all obligations between Centurion and the Customer and the construction, validity of these terms and conditions shall be governed and construed according to the laws of the England and Wales, provided however, that the 1980 U.N. Convention on Contracts for the International Sale of Goods shall not apply. In respect of any legal action arising out of or relating to the Contract or the transactions contemplated by the Contract, Centurion and the Customer irrevocably agree to submit to the exclusive jurisdiction of the Courts of England and Wales. Any such action shall be conducted in English. Although these Terms and Conditions may be translated into other languages, the English version shall govern.
